## Catch the U.S. Premiere!

Political Thriller *Wild Boar* should not be missed

Ruan (F. Karmann Bajuyo) investigates missing colleague in *Wild Boar*

### Who gets to decide what is true?

When a controversial professor disappears, it's up to an editor and his protege to investigate.

Set in Hong Kong, *Wild Boar* draws striking parallels with American politics and the spread of fake news, all nestled against the backdrop of a lost love that threatens to reignite.

A foreboding tale of censorship, self-censorship, and a future rooted in fable.

## **Wild Boar Takes on Post-Truth**

Featured on Patch.com

"Post-Truth" was named word of the year by Oxford Dictionaries in 2016. Though over a year later, the term is as relevant as ever.

No doubt, theatre throughout Chicago, and the rest of the country, will reflect the tense political climate.

**Few are as fearless as Silk Road Rising's *Wild Boar*.**
