#### WHAT PATRONS ARE SAYING...

"I was taken by the truthfulness of the performances, the integration of multimedia elements, the stylized movement, and the structure / form of the play."

"I thought the technological element was excellent; very memorable and well done. It seemed like a hard play to perform. The actors did a wonderful job."

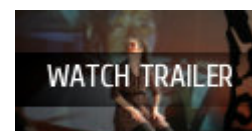

"The music and imagery made me feel uneasy; I felt uneasy in our cab ride home; and, I woke up feeling uneasy this morning. I believe the full-immersion worked and I felt like one of Mao's social experiments."
