An Entrancing Family Mystery Play

"There's nothing like a good mystery to pull in an audience, and Rajiv Joseph definitely delivers one that exposes loads of family secrets in his new one-act drama.

Although *The Lake Effect* is full of rancor and bad family blood, there is a glimmer of hope at the end that some healing and forgiveness will take place among the play's

three emotionally hurt characters. And that provides a satisfying coda to Joseph's entrancing family mystery play that skillfully grips the audience's attention and curiosity."
